## STEP 6

Height adjustment

Before turning over the desk, please adjust the height of the desk to your needs. Loosen the screws with the Allen key (G) and then pull on the pedestal, raising it to the height needed. To ensure the table legs are of the same length, please use a measuring tape.

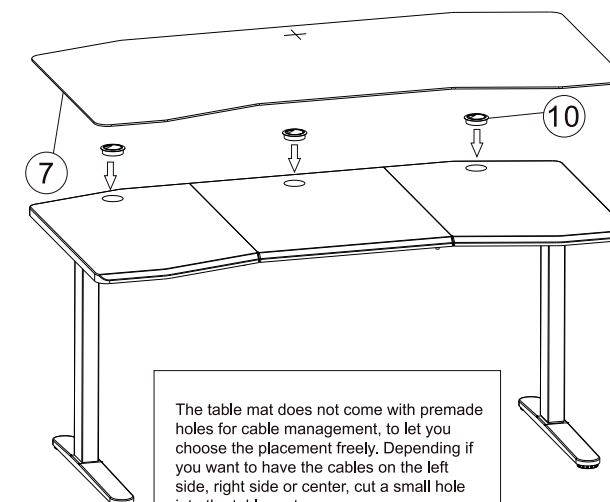

Desk stability

Adjust the mat under the pedestal if the desk does not sit flat on the floor.

## STEP 7

Install desktop piercing cover and table mat.

The table mat does not come with premade holes for cable management, to let you choose the placement freely. Depending if you want to have the cables on the left side, right side or center, cut a small hole into the table mat.
